

Tahmid Zaman Tahi

📍 Virginia, USA ✉️ tahi.tahmid@gmail.com 🌐 TahmidZee in tahmid-zaman-tahi-a16083213

Education

Virginia Commonwealth University , Electrical and Computer Engineering	Richmond, Virginia, USA
ing	2025 – present
• Research focus on intelligent reflective surface-assisted wireless communications. • Interests include wireless localization, signal processing, machine learning, and connected systems.	
The George Washington University , Electrical Engineering	Washington, District of Columbia, USA
• Graduate Fellowship Award. • Coursework included stochastic processes, machine intelligence, reinforcement learning, wireless networks, communication theory, and digital signal processing.	2023 – 2024
Islamic University of Technology , Electrical and Electronic Engineering	Gazipur, Bangladesh
• Undergraduate thesis on low-latency HARQ retransmission for C-V2X sidelink communication. • OIC Scholarship recipient.	2017 – 2021

Publications

Context-Aware Functional Security for V2X-Enabled Connected Vehicles

Tahmid Zaman Tahi, Sujay Saha, Mostafa Zaman, Yanxiao Zhao, Sherif Abdelwahed
epapers2.org/itec2026/ESR/session_view.php?print=1&session_id=31

Enhancing IRS Localization via Deep Learning-Based AOA and Distance Estimation

Nikhila Kotlapara Surendran, Syed Samiul Alam, Haolin Tang, Tahmid Tahi, Wei Wang, Yanxiao Zhao
doi.org/10.31875/2979-1081.2025.01.03

Resource Allocation in C-V2X: A Review

Tahmid Zaman Tahi

HARQ Retransmission Together With Original Transmission on the Same Subframe for C-V2X Communication

K. M. A. Yeaser, M. A. H. Emon, Tahmid Zaman Tahi, I. R. Aninda

Skills

Wireless Communications and Signal Processing

- RIS/IRS, near-field localization, MUSIC, MVDR, AoA and range estimation, V2X, and modulation classification.

Machine Learning

- PyTorch, CNNs, transformers, reinforcement learning, representation learning, and hyperparameter optimization.

Programming and Experimentation

- Python, MATLAB, NumPy, Git, Linux, and reproducible research pipelines.

Networking and Systems

- Cellular networking, IoT, network security, anomaly detection, and performance analysis.

Awards

Graduate Fellowship Award

The George Washington University

OIC Scholarship

Islamic University of Technology

Higher Secondary Board Scholarship

Dhaka Education Board

Experience

IUT Career & Business Society, Chief Operations Officer

Jan 2019 – May 2021

- Planned events, coordinated club operations, and developed sponsorship and communications materials.

Esonance — Official Magazine, Editor

Jan 2018 – Dec 2020

- Edited, proofread, and organized magazine articles and introductory material.

Project Green, Creative Coordinator

Jan 2020 – present

- Supported environmental outreach and public-facing communication.

Languages

Bengali

- Native proficiency.

English

- Fluent proficiency.

Hindi

- Professional working proficiency.

Interests

Research and technical writing

- Wireless AI, signal processing, connected systems, and research communication.

Community and environmental activities

- Student organizations, editing, and environmental outreach.
